

Community Housing Network

Doug is a kind and pleasant gentleman in his forties. If you had the opportunity to meet him you'd clearly see what an engaging person he is and discover during your conversation that he has his life priorities straight. He is honest and hard working and always pays his bills in advance. What you probably would not guess is that he was once homeless. This was prior to being diagnosed and treated for a mental illness through the Oakland County Community Mental Health Authority. Since that time Doug's life has come full circle. He received housing services through Community Housing Network, Inc. (CHN). They provided rental assistance which helped him with a safe and affordable place to live. By not having to worry about where he would stay he was able to focus his energies on his job and getting well. Doug is now just weeks away from owning his own condominium. This is made possible through CHN with grants from the Federal Home Loan Bank of Cincinnati and Oakland County HOME funds. Doug will now be paying his monthly housing payment toward his mortgage. Best of all, he will have a home of his very own.
